*Rain Date Monday, February 3rd

Eastern High School Championship

March 6-9, 2025

Cannon Mountain, NH
at Mittersill

This year's Eastern High School Championship will be held March 6 -9, 2025 by Franconia Valley Ski Club at Cannon Mountain at Mittersill in New Hampshire. Thursday, March 6th is a training day (GS and Slalom), Friday is Men and Women's Slalom, Saturday is Women's GS, and Sunday is Men's GS. The top six finishers (top 6 men/top 6 women) in the slalom and GS count towards the team score. Awards will also be given to those racers placing in the top six M/W finishers in GS and slalom.

TEAM CT will be represented by ten men and ten women from the CISL based on coach nomination. We ask that coaches nominate racers who are finishing in the top 30 during the season. A link for nominations will be posted for coaches on the CISL website under the *Coach Tools* tab. We ask coaches not to nominate any racer who is not available to compete on the weekend of Easterns. We will use the nominations and regular season rankings to guide the selection of the nominees in naming the racers who will compete for a spot on TEAM CT. *Please note-* If a racer is not nominated by a coach, it is assumed that the racer is not interested. Also, *not all nominees may be included in the lineup* as we are limited to a field of 50 per team.

Nominees will compete in the GS Qualifiers on Tuesday, January 21st at 4:40 pm. The top 30 boys and top 30 girls will move on to compete in the Slalom Qualifiers on Monday, January 27th at 4:40 pm. If there are any delays to the regular season due to weather or conditions, the events will be postponed to the next scheduled date. NOTE: If regular season races are postponed due to weather and interfere with the planned nights for Qualifiers, we will have to name the team based on the results of a Slalom Qualifier.

The top 10 finishers for the boys and the girls qualify for Team Connecticut and will compete at Easterns. Racers will need to hold a current USSS license to participate in the Eastern High School Championships. Racers may already hold a USSS Competition license if they regularly participate in USSS competitions. Other racers that qualify will need to purchase a 2024-2025 Non-Scored Athlete license for \$100.00.

We are looking forward to a wonderful season and a great time in New Hampshire.

Thanks!

Team CT Coaches
